

Career Reflection

Think deeply through what your ideal career would look like. Just getting in touch with what we truly desire will spark the positive change in the life that we seek.

- What would my ideal career look like?
- What difference do I want to make in the world with my career?
- How can my talents contribute?
- How can I make other peoples life better, easier, and more enjoyable through my work?
- My definition of success is...
- How would I spend my day with my dream as a reality?
- What are a few reasonable goals that I need to accomplish to make this dream a reality?
- In what other ways can I expand my skills?
- If you were to find a strong purpose in your work, how would that change you?
- How did you choose the career you're in now?

My intention with these questions is to help you get started in the exciting process of designing your dream life and finding your purpose. Schedule some alone time, pour your favorite drink, grab your journal and let the answers flood in.
